JUNIOR CLASS HISTORY

To this class belonges such a long History that it would take more than one book to relate it, so we will give you a breif idea of what happened to it in the last three years.

When we entered A.H.S. in September 1944 there were eleven Freshmen in our class. They were; Barbara Talbert, Julann Dauderman, Florence Popelar, Ruth Mollet, Doris Knabel, Richard Weber, Edwin Hellmann, Bobby Finke, Joseph Knabel, Verlin Knop, and Paul Henke.

In 1945 only eight of the original eleven came back to school. Barbara and Florence, started school in Edwardsville, and Doris just quit her school work. That year went fast with no other changes taking place.

In 1946 only seven of the original eight came back. Richard, started school in Worden. This year slid along o.k. until the second semester, when Joseph quit his school work to work on the farm.

The Junior boys are batting an even 500% on the athletic field. Eddie and Verlin take place in basketball, softball, and also track.

The Junior subjects include Bookkeeping, typing, United States History, and English.

We, the Junior Class of 1946-47, will our ability to get to classes on time to the Freshmen; and our care of the typewriters to the Sophmores.

We will our work on the Annual and the School Papers to be devided equally amongen the Freshmen and Sophmores.

Tothe entire school we leave the example we have set as worthy scholars and blameless students. Our record has been spotless and in all the annals that we need blush for.

We the Junior class of A.H.S. declare this above as our last will and testament.

"Amazing Discoveries Made in Excavation of Buried City". This was the report that spread like fire throughout the city on the morning of May, 3000.

With one accord the whole populace dropped its activities and flocked to the scene where before their wondering eyes, a long dead town began to reveal its secrets, under the picks and shovels.

"What's the name of the town?" someone called, and without delay a second voice called back "Alhambra"

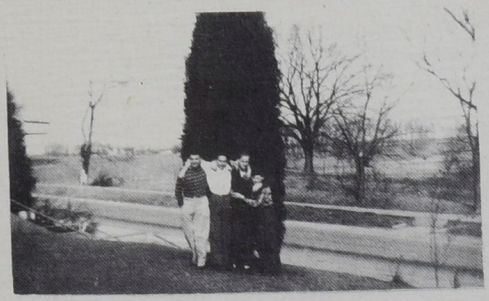
True enough! So it turned out to be. Alhambra, a small town that had flourished a thousand years before and then had disapeared with the passeing of time, until, like Rome, it was buried by centuries of debris, had come into its own once more. Suddenly a loud shout arose above the excited buzz of voices. Records of the class of 1947 was found.

Verlin Knop the world famous merchant with chain stores all over the United States and Europe, "Knop Wide Grocery" in every city and hamlet. Mr. Knop has just left by plane on a solo flight to visit his Mother who is now residing in Denver Colorado do to her physical condition.

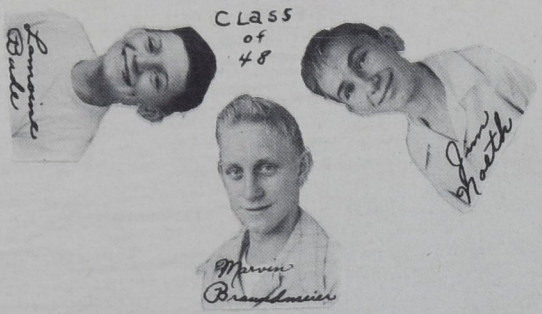
Meanwhile we read that Bob Finke is hauling a truck load of jewels a cross country. They are the famous Mollet jewels property of Ruth Mollet the nationally known bookkeeper and auditor employed by the World Bank. We hope he got them safely to the West Coast, but we are quite sure he will with the able assistance of Paul Henke, 1960's Sherlock Holmes doing the protecting.

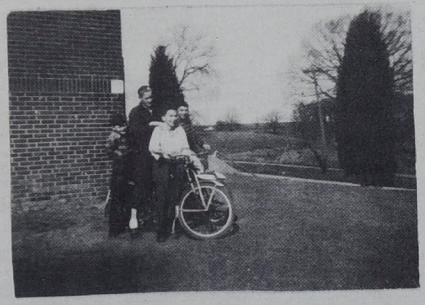
Now looking to Alaska we find Eddie Hellman an excellant test polot for Hellman Motors Incorporated. After a few hours in the air everything seems to be all right Oh! Oh! he's having trouble! He's going to crash. The field ambulance and fire engine are out ready to take over is Julann Dauderman head nurse at the Alaska State Hospital.

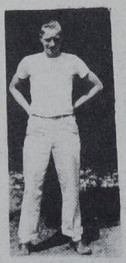
The plane has crashed but our pilot Eddie Isn't hurt badly. Nurse Dauderman reports only a broken leg.



Class of 48







SOPHOMORE CLASS HISTORY

In the fall of 1945, eight Freshmen entered A. H. S. This was a very small class. They Were John Ludwig, John Rhode, Marvin Braundmeier, Richard Woods, Walter Peterson, Lamoine Bade, Clarence Gaddis, and Adolphus Kaufman. During the year we lost Clarence, Richard, and Adolphus. Clarence moved to Logansport, Indiana, Richard was transfered to New Douglas High School, and Adolphus just dropped his school work to help on the farm.

John, Marvin, and Clarence were the only ones that came from our own gradeschool. John Rhode, came from the Lutheran school, two miles north of Hamel; Richard from Meadowbrook; Walter from Rockwell; Adolphus from the West School; and Lamoine from the Conn School.

Last fall when the doors of School opened we found a change. We had another class member with us, another boy, still no girl. He is Jim Neoth, from Granite City High School. This raised the class enrollment to five. But we soom witnessed another change. Walter Peterson quit school to work on the farm, during the second semester.

This year all the boys took part in athletics, Marvin and John took their place with the first five men in the basketball team, and Jim and Lamoine, played softball with us.

FRESHMAN CLASS HISTORY

When the doors opened last September for the first time in the new school year, we had eight Freshmen. They were Anita Knabel, Nina Kamphoeffner, Adolf Brunnworth, Alvin Trampe, Ramon Hosto, Robert Dauderman, Adolphus Kaufman, and Orville Sander. During the year we lost just one Freshman. Orville Sander quit school to do some other work.

Anita, Nina, and Robert were the only ones to enter from our grade school. Adolf Brunnworth, came from the Lutheran School, two miles north of Hamel, Ramon and Orville came from Hoxsey School, Alvin came from Conn School, and Adolphus came back after quitting his studies from last year.

All the boys in the Freshman class except Adolphus have gone out for basketball. They were reserves for the first team. All of the Freshmen have gone out for softball, and have made quite a squad, because they all have had practice in their years in the grades.

The Freshmen subjects included Mathematics, Latin American History,(half year) Citizenship, (half year) English, and General Science. The freshman class has its faults, they study a little bit, but they wander most of the time,(that is the boys). All of the Freshmen show sighs of improvement, and perhaps will make very good students by the time they reach their Senior year.

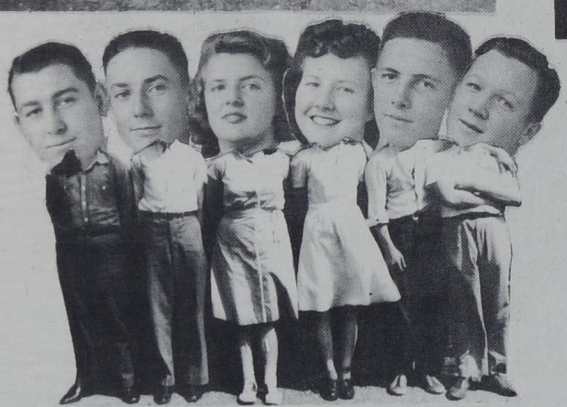
Guess Who?



Some Outstanding Events of the Year.

In the month of September the Freshment Class, which consisted of eight, was initiated by the Sophomore and Junior Classes. Games were played and later a weiner roast was held.

A Carnival was held also in the fall of the year. Bingo, raffle, and other activities were held. Our profit from this Festival was approximately $128. The money from this Festival was used for Athletic purposes.

Again this year, as before, we had a magazine sale. The school was divided into two teams. From this we got two years subscriptions to the Popular Science and Popular Mechanics magazines.

In the first part of December a Family Christmas Party was enjoyed by the school children and their parents. Bingo, pinochle, and checkers were played. Gifts were exchanged and later refreshments were served.

January was the month when the Annual Bingo Party was held. Twenty-five games were played and many prizes were given. Refreshments were served after the games. The money from this was used for athletic purposes.

A Valentine and School Party during the month of February were given. These were some of the parties that were given to help get the children and parents together to increase our school spirit.

On April 25 and 26 a play was given by the Junior Class. Due to the shortage of Juniors, members of the Freshmen and Sophomore were needed. "That's The Ticket" was the name of the play. The cast consisted of Eddie Hellman, Verlin Knop, Ruth Mollet, Anita Knabel, Julann Daudermann, Paul Henke, Nina Kamphoeffner and Marvin Braundmeier. The play was sponsored by Miss Liedel.

Julann: Well, right now it's a second lieutenant.

Alvin: What's them things you're unpackin there?
Merchant: They're pajamas.
Alvin: What's pajamas fer?

Julann: A moth was in my bathing suit.
Bob: It must have looked very well on him.

It's a great kindness to trust people with a secret. They feel so important while telling it.

I envy no man who knows more than myself, but pity them that know less.

"Does your wife do all her own washing?
"Yeah. All except her back."

"A man is like a tack; he can go only as far as his head will let him."

"Housing conditions are getting so bad that people are sleeping in churches on week-days, too."

Bill: Where have you been for the past two years?
Joe: At college taking medicine.
Bill: Gosh! Are you well yet?

Julann: Papa, what makes a man give a woman a diamond engagement ring?
Father: The woman.

Mr. Beckemeyer: You are positively the laziest boy I know. Isn't there anything you're quick at?
Eddie H.: I get tired awful quick.

"What is a wolf?"
"A wolf is a member of the male species who devotes the best leers of his life to women."

Kaufmen: Trampe if you had your choice, which would you rather be in a collision or an explosion?
Trampe: A collision of course.
Kaufman: How come?
Trampe: Well in a collision dere you is and in an explosion, where is you?

Marvin: May I help you from that soup sir?
John: What do you mean help me from the soup?
Marvin: Well, sir, Jusging by the sound, I thought you might wish to be dragged ashore.

Anita: Do you think my hands show any signs of toil?
Nina: The one with the engagement ring on shows that you've been working.

John: Well I must go home and explain things to my wife.
Jim: What things?
John: How do I know?
